In preparation for its implementation, the Malaysian Allied Health Professions Council has been formed and is making preparations for registration of nutritionists.

The Nutrition Society of Malaysia (NSM) has been keeping its members informed of progress through various relevant documents uploaded on the NSM website. Pay particular attention to documents related to the “Agreement on Scope of Practice of Nutritionists and Dietitians” in preparation for the implementation of the Allied Health Professions Act (Act 774) (look under Health Professionals tab of the NSM website).

Do keep following developments on this matter in the NSM website where we will make announcements in the coming months. We regret being unable to respond to individual emails enquiring regarding this matter.
